The HERoes Women Role Model Executives list celebrates women who are leading by example and driving change to increase gender diversity in the workplace.

Created by INvolve and sponsored by Yahoo Finance, the HERoes Women Role Model Lists are divided into three categories: Women Executives, Women Future Leaders and Advocates. Each category celebrates different ways leaders engage with gender diversity in the workplace.

The Women Executives category is for senior women leading by example, Women Future Leaders names inspirational women who are not yet senior leaders, and the final category, Advocates, is for senior leaders dedicated to creating an inclusive business environment

for women.

This year, our Chief Transformation Officer, Sue Unerman, made the HERoes Women Executives Role Model List. Sue is the co-author of the bestseller *The Glass Wall: Success strategies for women at work* and has given over 200 talks on the topic alongside fellow co-author, Kathryn Jacob OBE. The book inspired MediaCom to set up their own industry-wide Glass Wall Network, including a Steering Committee which collaborates with senior female clients to drive change. Sue continues her commitment to a culture of diversity and inclusion at work with her preparation for a second book.

Congratulations and well done to Sue for being recognised for her ongoing commitment and dedication to creating a diverse and inclusive workplace.
